

Banana Pupcakes

Ingredients:

2 cups Water

2 bananas

1 tsp vanilla

3 cups flour

1 Tbsp baking powder

1 egg

3 Tbsp honey

Instructions:

Preheat oven to 350 degrees.

Mash bananas. In a bowl combine all the ingredients. Mix WELL!

Pour batter into cupcake (muffin) pans. For smaller dogs (or for smaller treats) try the mini-muffin pans.

Bake 20 minutes.

(If using the mini-muffin pans, bake 10 minutes and check for doneness. It will probably take less time to cook the smaller muffins).

Let pupcakes cool completely and enjoy!
